Biggest Crowd, Quietest Holiday Report of Police

Kettmann Estimates Village Played Host to Largest Throng of Villagers in History But Says It Was Also the Best Behaved

"Although Palm Springs was jammed with the largest crowd ever seen here, our jail was one of the loneliest spots in town—it remained absolutely empty all weekend." That's how Chief August Kettmann described the police department's view of the 1951 New Year's celebration here.

Road Blocks Set Up Here for Bandits

Palm Springs police were alerted early yesterday morning following an armed robbery in which an Indian tavern owner was shot and seriously injured. Road blocks were set up across the southern highway approaches to Palm Springs.

In critical condition at Casitas hospital in Indio is Howard Thompson, owner of the 358 Club in the date city. He was shot at 12:15 a. m. Thursday as four bandits robbed his establishment.

Indio police said the four, at least two of whom were armed, entered the tavern about midnight and lined up about 18 customers and Thompson. When the owner made a suspicious move, one of the nervous thieves shot him.

All four men were young, between 25 and 40, and white. Police believe they may have escaped in one or possibly two Ford sedans, either 1947 or 1948 models. Yesterday morning they were believed to be still in the desert area.

Firemen's Ball Proceeds Going For Good Cause

Volunteer firemen displayed the iron lung at Bullocks department store this week which the organization is planning to buy with proceeds from the 16th Annual Firemen's Ball scheduled for Jan. 13 at War Memorial Hall. Several hundred people gazed at the lung the first few days it was displayed and a fireman stood by most of the time to answer questions about its use.

Committee chairman Earl Hough said the organization is planning to buy the lung for Community hospital. "We've got a long way to go to reach our goal," he said, "and the firemen are determined to make this 16th annual affair a big success to obtain the funds we need to buy the lung."

Dance music for next Saturday night's ball will be provided by Ling Parker and his orchestra. Things will get underway at 9 p. m.

In past years the annual January firemen's event has been a season social highlight.

NEW YEAR ECHOES
There was a man so full of care
That home he would not leave.

Bob White Heads Police Association

Bob White, a member of the police department since Nov. 1947, was elected president of the Palm Springs Police Officers Association this week to succeed Sgt. Bill Lux, first president of the organization, which was formed in 1949.

White, an active member of the U. S. Marine Reserve in which he holds the rank of major, is presently in the plain clothes detail after two years assignment with the traffic and patrol divisions. He was treasurer of the association during its first year.

DEDICATED to the education and welfare of the police department, the association sponsors an annual police show which will be held Saturday, April 14 at the Polo Grounds rodeo field, President White announced.

Village resident stars including Bob Hope, Dick Haymes, Frank Sinatra, Dinah Shore, Eddie Cantor, Gordon MacRae, Rudy Vallee and others will appear with Les Brown's band.

DURING ITS INAUGURAL year under Sgt. Lux' leadership the association started a library of reference volumes on police science, contributed both labor and money to the building of the new police range, purchased accident and health insurance for its members and inaugurated a move to develop a set of standards for city employees through a form of civil service.

Others elected for 1951 were Bob Young, vice-president; Lone Coble, secretary; Ted Greene, treasurer; Sgt. Jim Maynard, John Herrera and Georgia Lish, directors.

Start Plans for Village Dimes Drive

Chairman for Local Campaign to Be Announced This Week

Brig. Gen. W. R. White, chairman of the Riverside County chapter of the National Foundation for Infantile Paralysis, was in Palm Springs this week to arrange plans for the local 1951 fund campaign.

Announcement of a local chairman will be made soon.

"The recent increase in polio makes our drive success this year more of a necessity than ever," said White. "We have set the Palm Springs goal at \$10,000 and the Soroptimist club will get the advance fund letters in the mail next week. The general drive runs from Jan. 15 through the 31st."

WHITE POINTED out that it was necessary to spend \$8,000 of the county chapter's funds in Palm Springs last year to augment local monies. "Advance fund money will be divided and 30 per cent sent to national headquarters."

A tentative goal of \$75,000 has been set for the entire county.

The present crisis for the foundation was due to two reasons, he said. First, the record epidemic of over 42,000 cases last year added many thousands of patients to the thousands of former years still requiring aid.

Second, the unexpected epidemic of 1950 drained chapter and national epidemic aid funds which were expected to be ample for the entire year.

UP TO THE PRESENT TIME no case of infantile paralysis has gone neglected for lack of the best available medical care. Foundation funds have been freely used to help chapters in the battle against polio.

Thus far, the national foundation has shipped 521 respirators (iron lungs) to places where they are needed to save lives.

For emergency duty there were recruited this year 101 physical therapists, 1551 nurses and, in addition, consultants, polio aid teams, epidemiologists and resident physicians.

Vast Quantities of Food Vanish at Boys' Party

Palm Springs Boys club held their annual Christmas party Friday night at the club house with 72 members attending.

The hungry youngsters consumed 250 yams, five gallons of mashed potatoes, a gallon of green peas, 32 pounds of turkey, 18 quarts of milk, a gallon of cranberry sauce, 240 rolls, a gallon of dill pickles, 15 apples and oranges and 15 pounds of candy.

Food for the full course dinner was donated by Dr. and Mrs. Henry Reid, Mrs. Ripley, Mr. and Mrs. Harry Reid, Desert Produce Co. and all the goodies were cooked by Tommy's Fountain.

The Yuletide tree was given by Bob McKenzie and cash for the fund came from George Joganale.

Program for 1951 Mapped by Committee

O. A. Torgerson, Head of Group, Appeals for Full Cooperation

Plans for increasing Chamber of Commerce memberships and a plea for whole-hearted co-operation by every member in Chamber activities occupied the ways and means and committee of the organization in its first meeting of the new year, conducted by O. A. Torgerson, chairman, and newly elected member of the board of directors.

The membership goal for the year was set at 500 and the membership income objective at \$30,000. Other financial recommendations were submitted to the board for incorporation in the 1951 budget.

CHAIRMAN TORGERSON called for active participation in Chamber affairs by all members.

"Outside of the city government, the Chamber of Commerce should be the vital force in the community," he said. "The old attitude of 'Let George do it' should be forgotten and business men and women should cooperatively shoulder the responsibilities necessary to make Palm Springs a success in every conceivable way."

"The Chamber can be a common meeting ground for constructive criticism and discussion for improvement in policies and the work of the Chamber of Commerce which will lead to Palm Springs prosperity."

TORGERSON POINTED OUT that early response by members to current billing of dues for 1951 is desired to facilitate the board of directors continuance of planning for 1951.

Business of the meeting included recommendations to the board for changes in the bylaws to have memberships placed on a calendar year basis whereby each membership would run from January 1 to December 31, with the provision that all new members would be voted to membership for a full year from the first of that month nearest to their time of application and all memberships would be adjusted on a calendar year basis.

The second recommended change was to include a third type membership, known as complimentary membership. This type membership would be good for one calendar year, would not include voting privileges or service, other than a

Tickets for Annual Winter Rodeo, Sponsored by Local Police, Go on Sale Monday

Ticket sales for the 11th annual Palm Springs Winter Rodeo scheduled for Feb. 3 and 4 will start Monday in the street booth on Palm Canyon drive.

Ernie Andrade, general chairman for the Palm Springs Mounted Police which is sponsoring the event, made this announcement yesterday, stating that wives of the horsemen will handle the duets.

PROCEEDS FROM the show will purchase equipment such as stretchers, lights, ropes, packs, slings, radios, blankets, first aid and medical supplies badly needed by the volunteers in their frequent treks into the San Jacinto range to rescue lost and injured persons.

Serving as an arm of the Palm Springs police department and directed by Sgt. Jim Maynard, the "mounties" are often out days at a time and have been handicapped by the necessity of soliciting individuals for necessary items in the past.

"This has resulted in serious loss of time," Sgt. Maynard states, and very often the makeshift equipment either hasn't been what we need or it has been lost or destroyed and we have had no way to compensate the owner. The men seek no compensation for the time they take away from their jobs or businesses but they do need something to work with."

A TOP-FLIGHT show has been arranged with "Montie" Montana and his famous troupe; Verne Goodrich, trick rider; Edith Hapkin, beautiful fancy rider and the well known clown, "Slim" Pickens, heading the list.

Being the first point-approved rodeo having the blessing of the I.R.A. and R.C.A., official cowboy organizations, nearly 200 riders competing for national championship honors will participate, Chairman Andrade said.

Frank Bogert will be the master of ceremonies.

Twenty Escape Unharmed When Gas Pipe Breaks

A group of 20 poolside loungers and several police and firemen escaped serious injury Sunday at 6 p. m. when a chlorine pipe to the swimming pool at a local apartment broke, releasing dangerous gases.

The management notified police of the mishap. The doctor on call at Community hospital gave instructions over the telephone and police and firemen rushed across the street armed with gauze pads soaked in spirits of ammonia.

When the doctor arrived, the victims had been treated successfully although at least one man, Officer Howard Poe, was confined to his home for the rest of the night.

The work, under Orlan R. Andrews, contractor, is two weeks ahead of schedule. Cost of the building is \$69,700.

New Fire Station Will be Ready By May, Report

Palm Springs new fire house under construction at Ramon road and Sunrise way is about 60 per cent completed, City Engineer George Minturn announced this week.

The dormitory side of the structure is half stuccoed and windows have been installed. Plumbing, wiring and heating installations are complete and the building should be completed before May.

The work, under Orlan R. Andrews, contractor, is two weeks ahead of schedule. Cost of the building is \$69,700.

Completion of the project will come as welcome news to residents of the area. Charley Farrell, councilman for the district, has long listened to complaints about the lack of a more direct route between 111 and Indian avenue and he has been a leader in the struggle to remedy the nuisance.

Paving of Yorba road is being paid for by E. E. Spaulding who is building a subdivision on the north side of that street. Minturn said that the street is designed to eventually be expanded to a width of 36 feet.

"The Thing" Rec to Unfurl Its Version Tomorrow

The Rec will unveil its version of "The Thing" tomorrow night at the organization's first dance of the year.

Before and after the 11 p. m. unveiling Joe Garcia and his band will play and hot dogs and ice cream will be served. A roaring fire will give the party a warm atmosphere.

Youth Center Director Bob Bennett promised that onlookers would be amazed at learning what "The Thing" really is. "We've managed to borrow it from a Hollywood movie studio for a few days so that all the Rec members will be provided this treat," said Bennett.

When queried by anxious reporters as to the identity of "The Thing," Bennett only said, "No comment."

New Lines to Speed Valley Toll Service

Six New Trunk Lines to Provide Direct Connections Soon

Palm Springs, Indio and points between Cathedral City and Indio, will soon have faster and more efficient telephone connections.

Plans are to construct six new trunk lines between the local office and Indio which will give the city the same service to Rancho Mirage, Palm Desert, La Quinta and Indio as now offered to Desert Hot Springs, according to an announcement yesterday by a representative of the Public Utilities Commission from Los Angeles.

AT PRESENT most of these points are on the regular long distance lines and routed via Thermal and San Bernardino. With construction of the new trunk lines, service will be direct and through the local operator.

The commission representative said the new lines may be completed within 30 days.

Coachella Valley Advisory Planning committee, headed by Herbert Ecclestone, aired other complaints for the commission representative at the meeting. They argued for a lower toll rate between Palm Desert and Rancho Mirage, pointing up the present necessity of routing calls through Thermal and San Bernardino.

THE REPRESENTATIVE said that the two firms involved, California Water and Telephone company and Coachella Valley Telephone and Telegraph company, would have to continue their study of the problem and submit statistical information to the commission from time to time.

A campaign of education to acquaint people here and in the other affected districts with the new trunk line system will be made to avoid confusion which would result when callers continued asking for long distance.

At present, to reach one of these points, subscribers dial 0 and ask for long distance, their calls going via San Bernardino. Under the proposed set-up they will still dial 0 but give the requested number direct to the local operator.

Coffman School PTA Planned

Organization of a Parent Teachers Association group will be the subject of a meeting at Nellie Coffman school Tuesday at 7:30 p. m.

Superintendent A. G. Hoff will be principal speaker and refreshments will be served. All interested parents are invited to attend.

The PUBLISHER'S Corner

KENNY BAKER wasn't so far off when he thought he was in Las Vegas on slot machine row instead of Palm Canyon Drive, Palm Springs, with its rows of money-grabbers of another variety. The difference he should noticed, however, is that slot machines are easy to play whereas these parking bandits keep our visitors busy trying to figure how to work them. Many a visitor has walked off in disgust only to return and find his car ticketed.

The parking meter idea is bad enough for a community like this which is so dependent upon visitors—but to have a type that is so hard to work that they exasperate people is adding insult to injury. Parking meters have no place in Palm Springs and there's no telling how much damage they have done. They have some advantages, of course, in solving the provoking problem. But it should be clear to all now that some plan of off-street parking must be worked out no matter what the cost.

But now that we are stuck with the things—for the present anyway—the city should either get some easily operated heads in place of those penny-ante puzzlers or plaster them with instruction signs showing how to push the coins into them. That would help some.

To obtain some goodwill on the part of our visitors, it would also help if every resident appointed himself—or herself—a committee of one to assist out-of-towners in the art of operating the meters and save the visitors the embarrassment and inconvenience of trying to retrieve their coin from the gutter.

AND A GOOD TIME—Members of Palm Springs Boys club got through a whole lot of food at their belated Christmas party at the Boys Club house last week. (Partridge Photo.)

Jeep Never Touched
Her—But She's Hurt

Mrs. F. W. Crow, Vallejo visitor in the Village, wasn't struck by the car—but she was injured, nevertheless.

She told police as she was crossing the drive at the library last week that a jeep, which had stopped to let her cross, suddenly lurched forward. In her attempt to get out of the way, she slipped and fell. She was taken to Community hospital for treatment of head injuries. The jeep never touched her.

GOODYEAR RACERS—Above are two of the four "Cosmic Winds" Midget Race Planes which are to be on exhibition at the "Air Education Day" being sponsored by the Palm Springs Junior Chamber of Commerce on January 21, 1951. In the foreground are some of the pilots of these planes getting their instructions from an executive of the Pacific Air Races, Inc., owner of the planes. They are, from left to right: John Jones, Air National Race Champion; Eddie Custer, chief pilot for Slick Airlines; Bob Downey, chief pilot for Pacific Air Races, Inc.; Keith Sorenson, midget airplane aerobatic champion; and Arnold Cole, vice president of the Pacific Air Races, Inc.

Midget Racers to Perform Here on Air Education Day

Don Miller, chairman of Air Education day to be staged here under sponsorship of the Palm Springs Junior Chamber of Commerce, said that the Goodyear Races owned by Pacific Air Races Inc., will be on exhibition at the local airport during the day, January 21.

Air Education day is being sponsored by the Jaycee to acquaint the public with what is going on in aviation today, Miller said.

FOUR OF THESE midget planes, known as the "Cosmic Winds," will be on exhibit during the day and will also be demonstrated during the early afternoon. No race will be held, but they will be put through their paces by four of the top midget race pilots.

These race planes have been enthusiastically acclaimed on the West Coast recently and are making quite a name for themselves. The planes are entered in closed-course races around pylons during which time they are never over 50 feet off the ground. These small planes with a wing span of approximately 16 feet, zoom over the course at a speed of 200 mph and the spectators are always given plenty of thrills and excitement.

J. E. SMITH is president of Air Races Inc., and Arnold Cole, vice president. Both are enthusiastic over the Junior Chamber of Commerce program.

On Sunday, January 21, the public is invited to attend the Air Education Day for an admission of 50c for adults and children free. From 10 a.m. until 3 p.m. all planes, exhibits and displays of aircraft manufacturers, air force, model airplanes, will be open for inspection. This event promises to be an interesting and educational one for old and young alike," said Miller.

P. O. Receipts Again Show Steady Gain

Entire Year Up Over 1949; Final Quarter Shows Best Increase

Palm Springs is enjoying a better season than last—at least as far as the post office is concerned.

Postmaster R. M. Gorham reported this week that stamp receipts for the final three months of 1950 were seven percent above the same period in 1949. They totaled \$47,204.46 as against \$43,767.92 in 1949.

Overall increase for the year was two per cent over 1949. Gorham announced that 1950 receipts were \$137,161.12; 1949, \$134,817.92. Opening of the North Palm Springs branch post office took some business away from the downtown office.

Receipts by quarters:

	1949	1950
First	\$49,577.12	\$48,195.39
Second	28,018.50	28,059.96
Third	13,454.09	13,701.31
Fourth	43,767.92	47,161.12
Total	\$134,817.92	\$137,161.12

New Arrival at Poliak Home

Considerably arriving December 20 so that she and her mother could come home for Christmas, six-pound Carol Ann Poliak proved the most important Yuletide package received at the home of Dr. and Mrs. Bernard H. Poliak on Via Las Palmas.

Even other gift-minded Robert Poliak, 14, and Dick, 11, were delightedly agreed. Dr. Poliak is a prominent local dentist. Mrs. Poliak has served two and a half terms as president of the Girl Scout council, now is treasurer of that organization.

Damage in Home Blaze Negligible

Damage was negligible at the Caldwell home at 455 Camino Del Norte Tuesday afternoon when a wall heater caught fire. Firemen responded to the call but found the brief blaze under control when they arrived.

Liars Rally But Peg-Legs Lost Gold Mine Still Lost

Liars gathered at Borrego New Year's eve and retold the story of Peg-Leg Smith's lost gold mine and sought to find it, besides bucking an unusual wind and a chilly night. The campfires kept them warm, however, and the tall tales told put the wind to shame.

Howard Clark of Yucaipa won first prize with a story of a dry rain, while Mrs. Gertrude Ritchie took the woman's prize with a story of how gold came to be found in the southwest.

Village Health Excellent Chest X-ray Drive Shows

Over 1200 notices have been mailed to participants in the recent Palm Springs X-ray project notifying them of the results of their check up, according to Stanley T. Boggess, executive secretary of the Tuberculosis Association.

Boggess said that only 34 of these showed chest conditions which required further check and they were advised to see their physicians for a complete follow up. "24 of the films showed scars of lung lesions and all but seven of these appeared to be healed," he said.

STRESSING the importance of following all abnormalities which appear on chest films, Boggess stated that only a doctor can tell, after complete examination, whether a lesion is

completely healed or is still an active threat to health.

Those who had questions of interpretation with respect to notices mailed them were advised to get in touch with Mrs. Madge Holderman, Public Health Nurse at the Palm Springs Health Center or to write to Association headquarters in Riverside, 313 Loring Building.

"WE ARE PLEASED that so many could be advised that their lungs appeared healthy," Boggess said, and cautioned against the error of accepting positive findings as a diagnosis of disease.

"These confidential 'positive' reports merely mean that people should consult their doctor to determine the exact nature of abnormalities observed," he said.

By JIMMY REESER.

Today we're taking time out from our "Personality Series" to convey a few thoughts relative to current activities at the Youth Center.

Due to the strain of the holidays and the need for much rest immediately thereafter, we took a two week's vacation from all our Hobby Groups. Roy Randolph zoomed down Mexico way for his short siesta while his dancing pupils practiced their steps at our Christmas party. Rolly Valle

took a respite to recuperate from a ping-pong marathon which we'll tell you more about later. Bill Early cancelled his Camera Club classes over the holidays but kept himself and Club members quite busy snapping pictures of activities at the Rec trying to win one or all of the trophies offered by the Community Chest. George Ritter coasted through the holidays but just couldn't resist flying his crafts out in the great open spaces.

All the Rec members and Mr. and Mrs. Bennett were kept busy with the Christmas party and routine sports activities, increased hours and attendance, etc., throughout the holidays.

Last Wednesday night, all the members attended a movie, having their choice of the Plaza or the Palm Springs theaters. This portion of our program, through the courtesy of the Strebe theaters, is a big improvement over showing a film at the Youth Center, because it gives a more complete program, saves on utility bills during that time, and gives a break of change of scenery, so to speak. However, we still show pictures occasionally on our own machine at the Rec whenever a good film is available.

A blowout overturned a car in which he was riding causing John Guilan, 16, to suffer a slight concussion and cut hand tendons Friday. The youth was released from Community hospital Sunday following the mishap at Windy Point.

Garry Sanders, another Stocker, carried him to Community hospital. Guilan lives at 444 Via Miralote.

Joe Wright of Thermal said it was so cold in Borrego valley that 14 inches of ice formed on Clark dry lake—dry ice, that is. Harry Oliver, who modestly says that he started the Peg-Leg Smith New Year's search, appointed the judges with the provision that they award him honorable mention, for his gold mine yarn. They did.

On New Year's day, the party went out on a hunt for the lost mine. They didn't find it so will try again on January 1, 1952.

Clubwomen Hear Report on United Nations Talks

By RUTH MARTIN

An up-to-the-minute report on the United Nations as seen and heard by Betty Roadman, prominent lecturer, author, actress, and raconteur, held the intense interest of her audience at the Palm Springs Woman's Club on Tuesday, January 2nd, as she related her observations and impressions gleaned from a very recent trip to Flushing Meadows, New York, where she spent several days attending the United Nations sessions.

Mrs. Roadman, a dramatic and brilliant woman, easily convinced her listeners of the very worthwhile achievements of the United Nations and gave a graphic account of the interesting work of the language interpreters as well as a detailed description of the intricate communication systems used during the speeches. The early part of the program consisted of fascinating personal reminiscences of Don Blanding, Opie Read, and Charlotte Greenwood with whom she toured the United States in "I Remember Mama." Mrs. Roadman had a wealth of interesting anecdotes, human interest poems and amusing incidents to relate and her fine stage presence, expressive hands and charming voice bespeak the finished actress and entertainer she is acclaimed.

Another triumph was scored by the art director, Mrs. Claude L. Yerkes, with an exhibit of beautiful pictures done by Lewis Krupp, famous artist, who has studied at the Chicago Art Institute and the New York Art Students' League. Mr. Krupp is a talented landscape painter and has also done over three thousand portraits—many in charcoal. Many beautiful mountain

and desert pictures were exhibited all having an unusual color composition and outstanding sense of rhythm. The portraits of his southern colored subjects were of marvelous integrity and distinction and well-calculated to achieve high honors and fame for the artist. Also of keen interest was the "Tincture" exhibit by Grace Marie Daley and Barbara K. Summers and which contributed generously to the general decoration theme. These artists do custom work in metals and specialize in decorative interiors. Mrs. C. Jean Bell, chairman, with Mrs. Terry Ray and Mrs. John Dekker were the committee having the lovely general decorations in charge, while Mrs. J. E. Trott, Mrs. Foster Simonson and Mrs. Claude Gottbeut cordially welcomed members and guests at the door. A very beautiful tea was served at the close of the program with Mrs. Robert G. Backstrom acting as chairman of the day assisted by Mrs. Harry Reid, Mrs. Solie Manasse, Mrs. Wm. Dunkerley, Mrs. Robson Chambers, Mrs. Harold West, Mrs. Francis Russell, Mrs. Harry Brott, Mrs. Keith Herbert and Mrs. Wayne Wilson.

Desert Art Center

Henry McFee and Phil Dike and wives combined a picnic on the dunes last week with the business of hanging a selection of their own and other paintings for the January art showing at the Center. Art students are particularly urged to visit the gallery while this exhibit is showing as the four paintings of Phil Dike are unique both for quality of work and their ability to express emotion. Henry Lee McFee is one of the greatest masters of still life painting in America today. Not only is he head of this department for four colleges but his name has appeared in Who's Who art bibliographies of great American painters for the last thirty years. His "Blue Compote" now hanging has appeared in many famous galleries. His selection of two paintings by Paul Darrow, one by Roger Kuntz, one by Frances de Erdely, and one by Sheldon Fromm, two by Robert Fram make this an outstanding exhibit.

Arrangements have been made for the Center to take charge of lobby art displays for ten weeks of theater art polo grounds pavilion which will open Jan. 16 with "Philadelphia Story." This Palm Springs Playhouse "in the round" has as its director Michael Ferral who was with the same group last year at the tent theater. Mr. Ferral met with the art committee last Tuesday and took them to visit the theater. Agnes Pelton, Axel Linus and Wilton McCoy laid plans with the gallery director Miriam Williamson and the chairman, Mary Wolseth, to exhibit the work of professional artist members of the center and such current exhibitors as are on display. Subscription tickets of ten admissions may be used up when and how the purchaser wishes and are on sale at the Center. They mean saving of one dollar per admission and the offer is only good until Jan. 10th.

The outdoor sketching class, sponsored by the Art Center and paid for by high school adult education funds will begin Monday, Jan. 8, 9 to 12 a.m. Wilton McCoy, instructor. Several artists have registered for the course which will last all season only costing the student \$1 registration fee. Beginners and advanced students are urged to join the group and meet at the Center, 744 Broadway, Cathedral.

The Cathedral City Women's Club is making plans to entertain the surrounding federation clubs to a reciprocity art tea. A tour of local art galleries and art display centers, as well as talks by artists will be part of the program.

The layman, the painter and those interested in other fields of art are invited to attend a meeting Jan. 16 at the Desert Art Center to form a creative sculpture group under the direction of Urs Palo-Kangas, well-known Finnish sculptor. Palo-Kangas has taught at the California Preparatory school at Ojai and has designed several historic monuments in the state. For registration and information on the course contact the Desert Art Center, Cathedral City.

Anguianos Wed Quietly for Third Time in Year

Following their third wedding ceremony in eight months, observed quietly December 22 at Our Lady of Guadalupe church, local artist Jean Coutts and Mexican artist Mele Anguiano today could consider themselves in a triply definite state of matrimony.

A Mexican civil ceremony last April, another civil ceremony in Riverside last October doubly united the happy couple but they decided, a church sanctioned wedding should be added.

Jeane, whose deceased dad, famous artist Gordon Coutts, often took his family to Mexico, developed Mananaland nostalgia last winter, trekked south of border with daughter Vicki, and her sister, Mary.

There Jean met Artist Anguiano, married him. Returning to the picturesque landmark studio built by her father on Patencio road, the young artists craved to cinch their union with another wedding in this country. Thus the Riverside ceremony.

Then they decided to have yet another wedding, this time in a Catholic church.

Most recent Coutts-Anguiano nuptials were performed by Father Raymond Klumbis, with only Mary Coutts, small Vicki, and Paul William, Thousand Palms Oasis artist, in attendance.

Holiday open house is a Yule tradition with Mr. and Mrs. John Lapp and long-time friends look forward each year to this gathering at Rockpoint, the beautiful hillside home of the host and hostess. Exactly 99 round trips taxied the guests up the steep driveway to enjoy the Lapps' hospitality and gather round the huge howls of egg-nog.

Another holiday egg-nog party was hosted by Mrs. Elaine Childs Elser and Mrs. Eber D. Kanaga at the former's home on Christmas Eve. Old friends presided at the egg-nog bowls made from an old recipe handed down to Mrs. Harrison Leussler by her grandmother.

Mr. and Mrs. J. F. O'Connor's Palm Desert home was a family reunion spot as well as the gathering place for one of the largest open house parties of the season. Daughter Jean O'Connor, noted for her horsemanship and a student at Immaculate Heart, was home for the holidays, as was her brother Jack, and brother-in-law and sister, Mr. and Mrs. C. E. Wilson. Presenting the New 1951

Cadillac

Far More Beautiful...Gorgeous New Interiors...and an Even Finer High-Compression Engine!

TODAY, we are privileged to present the new Cadillac for 1951—finer and more wonderful from every conceivable standpoint. . . . Numerous refinements in exterior design have made it more lovely to behold—while wholly new interiors, so rich in fabric and tailoring that they defy description, impart a sense of luxury that is simply beyond compare. . . . And, oh, the things that have been done to make it more gentle to handle—and more comfortable to ride in! The changes in this regard are manifold—and the results are a revelation. The car's quietness

is now akin to silence; driving is all but a response to your wish; comfort leaves literally nothing to be desired. To ride or drive is to relax—and to rest. . . . The great master engine has also been refined—down to the smallest details. Its voice is closer to a whisper; its power application is faster; and it's even smoother in operation. . . . And there is an even finer Hydra-Matic Drive—with a new reverse for easier shifting, and for "rocking" the car in sand or snow. . . . There is new steadiness on the road—better balance on turns and curves—easier and softer

braking. And throughout the chassis are vital improvements which add to endurance and dependability. . . . All in all, here is new lustre for the Cadillac name—and a far higher standard for the automotive world. . . . There are ten distinctive body types and four individual series—the "Sixty-One," the "Sixty-Two," the "Sixty Special," and the incomparable "Seventy-Five". . . . Why not come in and see them today? We'd be most happy to see you—and we are certain you'd find it an interesting and enlightening experience.

Mrs. Kirk Elected President of St. Paul's Guild at Festive Luncheon at G. K. Zain Home

The home of Mr. and Mrs. G. K. Zain on Mesquite avenue was the scene on Wednesday of a festive luncheon party, with all the members of the Guild of St. Paul's in the Desert as their guests.

The Rev. Robt. H. Hogarth, rector of St. Paul's, presented Mrs. Maggard, whose term of office as president of the Guild has just been completed, with a scroll and funds to start a rose garden, as a token of appreciation for her fine job as their president these past two years. The scroll was beautifully engraved and signed by all who had taken part in the gift.

A very delicious luncheon was served in the lovely patio of the Zain home with Mr. Zain having many of the gentlemen of the church as his guests, while Mrs. Zain entertained the ladies of the Guild.

At the annual meeting and election of officers, which followed the luncheon, the following slate of officers were elected:

President—Mrs. Kenneth Kirk
First Vice Pres.—Mrs. John Lapp
Vice Pres. for Women's Auxiliary—Mrs. Edward Maggard
Secretary—Mrs. Archie Linkletter
Treasurer—Mrs. H. Earl Hoover

Board of directors—the new officers, plus Mrs. John S. Hobson, and Mrs. Raymond R. Wilson, past presidents.

Also appointed as assistants to the officers and as trainees for future officers were Mrs. G. K. Zain, Mrs. Emma Benedict, Mrs. Dora Clark and Mrs. Richard Pace.

The next meeting of the Guild will be on Tuesday, January 9, at 1:30 o'clock at the home of Mr. and Mrs. H. Earl Hoover in Smoketree Ranch.

Work for the ensuing year will get underway, with plans for the annual Shrove Tuesday tea, and spring rummage sale at the top of the list.

Regional Leader of Soroptimists Here Tomorrow

Miss Katherine Finchy, past president of Palm Springs Soroptimists, and Mrs. Lois Lux, president, will be hostesses tomorrow morning at the Desert Inn at a breakfast in honor of Dr. Ruth White of Whittier.

Dr. White is regional president of Soroptimists.

Maypoles Return for Winter Here

Senator and Mrs. George M. Maypole, perennial Villagers for more than 20 years, arrived on New Year's schedule from Chicago for usual prolonged sojourn at their winter residence, Casa Licata.

The retired Illinois statesman first came to Palm Springs before the old El Mirador hotel was built, escorted Notre Dame football teams thence for vacation visits during the late twenties.

Intimate friends of Frank and Ruth Licata of Casa Licata on North Palm Canyon drive, Senator and Mrs. Maypole have made their winter home there for the past five seasons.

Distinguished participants in local parades and general Village booster, Senator Maypole now plans to abandon the windy city for summer residence near the Maypole's daughter and son-in-law, Mr. and Mrs. Wilfred Madden, and Grandson Tom, in Burlingame. Thus will the Maypoles reduce traveling effort back to their favorite winter location, i.e., here.

150 Teen Ageds Enjoy Dancing and Program

Some 150 local teenagers were surprised and thrilled by the stories and singing of Rudy Valle at the Youth Holiday Dance given at the Polo Pavilion last Friday evening. They showed equal enthusiasm for the music of the Guadalupe Trio Plus.

Two who were escorted from the Polo House by George Strebe. The Pavilion, bedecked in festoons of blue and white crepe paper, made a perfect setting for the young couples, dressed in semi-formal attire. Local artist O. E. L. Graves planned and supervised the decorating which was done by Phil Miller, college student, Johnny Thomash, student council president, and Jeanette Shaw, member of S. F. O. The number one band of the island, The Melody Men, supplied a good variety of dance music throughout the evening.

Adults present included the following chaperones, Mrs. Polly Isenagie, Mrs. Gayle Stewart Burns, Mrs. Elise MacNeil, Roland B. Valle, Dr. and Mrs. A. G. Hoff, Mr. and Mrs. Henry Greeley, Mr. and Mrs. Robert Peterson, and Mr. and Mrs. Douglas Doyle.

Joining the local trek into the land of television and smog to see parade and game with friends via front-row seats in the living room were the Thyrie Hubbs of Desert View drive.

Jan. 29 Date for "Desert Colorama"

By RUTH MARTIN
Make a note of the date!—for on Monday, January 29, a superbly beautiful collection of spring and summer fashions of 1951 will be presented in a gorgeous spectacle to be known as "The Desert Colorama" to be held at the Palm Springs Woman's club when the J. W. Robinson company, Desmond's and Bullock's join in a unique fashion alliance to display the newest creations of famous couturiers. Buyers from these famous Palm Springs stores are already in the east making selections of costumes for desert wear suitable from the early morning hours through the most formal of evening functions.

According to Mrs. Robert Ransom, chairman of the ways and means committee of the Palm Springs Woman's club in charge of the "Desert Colorama," the same schedule will be followed as used last season in morning and afternoon presentations of styles which are to be shown at a 9:30 a.m. breakfast and a 2 p.m. fashion tea. Both shows will be identical as to clothes shown and order of the show.

The purpose for which this beautiful "Desert Colorama" is being given is a most laudable one as its proceeds will be used to perpetuate the scholarship fund established last year for the education of some worthy student at the Palm Springs high school.

Thirty-five handsome prizes will be offered which have been donated by public-spirited Palm Springs merchants and ticket sales are in charge of Mrs. Gretchen Wright. Additional information as to availability of tickets will be published at an early date.

The fashion breakfast to be held at 9:30 a.m. will be in charge of the capable Mrs. John Williams and the fashion tea which is slated for 2:30 in the afternoon will be in charge of Mrs. Harold Murphy who is famous as a successful and delightful hostess.

Cathedral City C. of C. Plans Active Year

Membership Drive
First on List of
Activities in 1951

The year's first meeting of the Cathedral City chapter of the C. of C. was held Tuesday night at the Town Hall. Plans for a membership drive were outlined. President Leslie Kelley pointed out that the chapter needs the active work of its members as well as the payment of their dues.

The organization is struggling under a heavy load to meet the annual payments on the village fire hall and the more recently acquired obligations entailed by our fine new paving and curbing. Membership chairman Bud Rupp announced that dues for the calendar year are now due, \$10.00 per year for business operators and landlords with three or more rental units, \$5.00 per year for others. Dues may be paid at Rupp's Supply or to the chamber of commerce secretary Robert Sherrill at the water company office.

L. C. LEWIS, chairman of the fire protection district announced that the election to form a fire district will be held January 16th. A meeting to explain the reason for the formation of the district to all voters who are interested will be held at the Town Hall Friday, January 12th, at 7:30 p.m. No one in the community to date has voiced any objections to the formation of such a district, as the small tax to be levied will be far outweighed by the insurance premiums, so that a unanimous yes vote is anticipated.

Librarian Warner Moon announced the donation to the library of more than 100 recent books by Scotts House of Gifts. Dr. J. J. Almayce suggested that the chamber request the county Red Cross to establish in Cathedral City a depot for securing donations of blood which is greatly needed in Korea. He offered the use of his office as a headquarters.

PAUL CLARK, president of the Cathedral Sanitation district, reported that the district board has been compelled to pay an increase of 15 per cent for garbage and refuse hauling, owing to the heavy loads at this time of year. He requested the cooperation of residents in burning papers, and other easily combustible materials in enclosed incinerators, as much as possible. It was also pointed out that tree trimmings, ashes and building refuse can not be collected, these must be taken to the Palm Springs dump by individual means.

W. R. Hillery, chairman of the Broadway paving committee reported that interest was due on the notes given by the chamber to cover the deficit incurred by non payment of assessments by a few Broadway property owners. Mr. Hillery who is also chairman of Sunair, stated that new pipe for irrigating is being laid and Prof. Kyle is going ahead with an augmented tree and shrub planting program.

Solve Burglary of Many Homes in Fern Valley

Burglary of 23 mountain homes in the vicinity of Idyllwild where many Villagers have summer homes, appeared solved with the arrest yesterday morning of two boys, both juveniles, by deputy sheriffs of the Hemet substation.

Most of the homes broken into are located in the Fern valley district, officers said. Investigation of numerous burglaries has been underway for several weeks, with the entries into homes by the two boys said to have been spread over a period of nearly two months.

The boys were taken to Juvenile Hall in Riverside, pending hearing in Juvenile Court on charges of burglary and trespassing.

The value of articles stolen from the mountain homes was not great, in any one instance, officers said, but the accumulation from the 23 homes represented a sizeable total. Most of the stolen property has been recovered by the deputies.

Conversation may have been the only thing the weather was good for over New Year's weekend, but while the air on the desert was merely in a hurry (resembling to wind — purely coincidental), Tucson was getting two inches of snow!

Deserting Tucson (not because of the snow) to become new Rancho Mirage residents are Eddie and Jean Sullala. For the past three years, Eddie has been golf pro at Tucson Country Club and will act in the same capacity associated with Jimmy Hines at Thunderbird. An assistant, Bill Adkins, has leased a home next door to the Sullala's, and if all Tucson residents are as likeable as these three, we can make room for lots more!

Shades of Hellzapoppin' days came to mind as Jan King (down from Hollywood) and Ole Olson reminisced upon the hilarious benefit show at Shadow Mountain Club which was staged last June. Publicity shots for the event of Jan, Ole and this columnist were produced, antics reviewed, and the infectious humor of Olson once more enthralled the friends visiting around his pool. Ole, here for a quick "Happy New Year," left January 2 for New York and "Pardon Our French," the Olson and Johnson production which is captivating Broadway.

Local Friends of Jan King regret that she will not reside here this season but look for her to go places in Hollywood as a theatrical manager. Jan has a year's contract as manager of the Smith Twins (singing musical comedy act) who have just completed an engagement on the "Morgan Manner" (TV). Suzanne and Louanne Smith were titled "Miss Radio of 1950" and "Miss Television of 1950" respectively. The twins plan to accompany Jan on her next visit to Palm Springs this month.

Young Collegiates home for the holidays included Blaine Greenleaf from Riverside College. Blaine, son of Mr. and Mrs. Sidney Greenleaf, was awarded a four-year scholarship at Loyola on his basketball record, but has transferred to Riverside where he can major in teaching and physical education. Blaine is well-remembered as the lifeguard at Shadow Mountain Club this past summer. . . . From the University of Minnesota where he is a sophomore, to visit his parents, Mr. and Mrs. Stanley Olson, came young Chuck Olson. Chuck escorted pretty Suzanne Durant to the Shadow Mountain Club on New Year's eve where they stopped dancing long enough to watch Suzanne's father, comedian Jack Durant who appeared with Gloria Swanson on television. Reception on the club's TV set was reported as good.

In Diapers, no less, and symbolizing the New Year was Wilbur "never-miss-a-dance" Bear

at Shadow Mountain's party. Highlight of the party was the two clowns in full regalia who kept manufacturing bouquets of balloons for the guests hats. The mystery seemed to be, how did they make the balloons adhere to the heads of the bald-headed men? If solved, here might be the answer to anchoring toupees, sometimes known as convertible tops.

Celebrating the desert year and staying at Rancho Mirage Apartments were the Noonans; Gerard who is in the oil leasing business, and wife Betty, co-owner of Patmar's Motel and Restaurant on Sepulveda in L.A. Also was there Mr. and Mrs. Russell Wilcox of Wilcox Rebuilt Motors and Violet Schram, radio home economist.

Down Recently to oversee their Rancho Manana, Howard and Lucille Burdick from Bel Air. Just doesn't seem the same over Del Sol way without the Burdicks who are usually full time winter residents and the life of the party! . . . Handsome Pat Lustad of Los Angeles and Canada was another weekender over Del Sol way as guests of Bob and Marie Larson at Rancho Del Sol. Pat designs gasoline stations, being an engineer for General Petroleum. Coming from Canada where he graduated from the University of Saskatchewan, Pat is used to cooler weather and while natives thought the weekend too chilly here he reasoned that it was warm compared to other cities. Guess we've a lot to be thankful for!

Two Girls Born at Year's End

Holiday Throng Surrounds Ton of Beef at SMC

It took a ton of choice beef to serve what turned out to be the biggest dinner ever served on the American desert over the weekend, handled by chef supreme, Steve Yankowich, formerly with the Royal York Hotel, Toronto, Canada. The head chef of the largest hotel in the British Dominion, met the guest list of 700 people at Shadow Mountain with a full ton of select beef specially flown to Palm Desert from the International Livestock Show in Chicago. With the aid of second chef, Daniel Erdman, also from Canada, Yankowich supervised the fabulous dinner by adding four extra cooks to the present staff of seven, plus 21 waiters, three captains, two busboys and two extra bartenders.

Pat McCarthy, Shadow Mountain Maitre D', utilized every available bit of dining space, and by midnight all 700 guests were served. To add to the achievement, breakfast was begun at 2 a.m., with not a hitch in the entire procedure.

DESERT HOT SPRINGS

By THERESE WHITESIDE

Our town was crowded over the holidays, with all rental units filled to overflowing. The swimming pools were crowded day after day and everyone seemed to be enjoying the balmy Christmas weather.

There were three parties during the week at the Improvement Association Hall which were open to one and all, and a generous holiday spirit spread cheer. On Tuesday evening the Friendship Club met to exchange gifts and enjoy an interesting and varied program arranged by Nora Warner. A wonderful fruit cake was cut in honor of Lulu Baughman, whose birthday occurred on Christmas day.

Wednesday afternoon the weekly social tea celebrated the birthdays of all mothers and of one in particular, that of Nina Stewart Bell, the ninety-year-old mother of Ethel Claxton who is visiting here. Clara Kelley and Ethel were co-hostesses and they had provided a huge, decorative birthday cake. Therese Whiteside won the door prize, a colorful ceramic brooch made by Kay Farnum.

On Friday evening a capacity crowd attended the buffet supper prepared by the ladies of American Legion Auxiliary No. 763. William Pine won the raffle for the set of carving knives and E. Rayner walked away with the door prize. Women's high score for the Canasta game which followed was won by Jane Cohen and J. Schneiderman scored highest among the men. Nettie

Farnsworth was the chairman of the affair and Rose Gautiello was co-chairman.

The Bert Proctors of Corona del Mar were recent guests of the Cabot Yerkas. Mr. Proctor is one of the finest of our painters of the desert.

Leonora Watkins was hostess at her annual Christmas party to honor members of her family. Five of her six daughters came with their husbands and nine of the grandchildren attended. The sixth daughter could not come, having given birth to a daughter the very morning of the party.

Miss Margaret H. McGill of Vancouver, B. C., Canada, is spending a month at the Hamner Apartments. She spends her summer months gardening at her place on Vancouver Island.

Hal Elias, of the cartoon department of MGM studios, was a guest at the Desert Hot Springs Inn over the holidays. Other well known people in town were: the Pete Smiths, Felix Ameche, Jean Hepburn and Dr. Abraham Colmes, the distinguished allergist from Boston, Massachusetts.

The Rock Section of the Friendship Club met at the home of their leader on Thursday night to discuss garnets and agates.

Christianity and 1951 to be Topic of Dr. Blackstone

Next Sunday morning at 11 o'clock at Community church, Dr. James H. Blackstone, minister, will start a series of four sermons on the subject, "What Does Christianity Have to Offer the Secular-Minded Men of 1951?"

"There are many people today," said Dr. Blackstone, who feel that religion is a matter of indifference and while they are glad to use the service of the church at the time of baptism, marriage, or death, they do not want to interfere with their business, pleasure or standards of conduct. In these sermons commencing on Sunday, I will answer the attitude of these secular minded individuals and show that Christianity has to offer that makes it absolutely indispensable. Here is a challenge to thoughtful consideration of the deepest things of life."

At the 7:30 p.m. Sunday evening worship service the sound film "To Every Creature" produced by Dr. Irwin A. Moon.

Filed and recorded on a recent trip to South America by Dr. Moon, director of the Los Angeles branch of Moody Bible Institute, Chicago. "To Every Creature" is a fresh approach to missionary activities. These Indian tribes, shown as they exist without help, hope and God, have received a message from missionaries that has changed hearts and transformed lives; but the work could be multiplied by modern transportation and communication. "To Every Creature" demonstrates this by actual stories of missionaries who suffered great hardships and narrowly escaped death in canyons and on jungle trails. Other sequences show the real help modern communications and planes give to the pioneer mission workers.

The C.E. young people's societies will meet at the usual hour of 6:00 p.m. The High School C.E. at the church manse, 251 San Jacinto Dr. and the Jr. High at the church.

The midweek services of adults and young people will meet at the regular 7:30 p.m. hour.

Local members and visitors are urged to make reservations for the dinner and get their admission cards, as the space is limited.

Progress on New Church Continues Steadily, Report

Two substantial checks last week heartened the building committee for Palm Desert Community church and insured completion of the stone facing for the church entrance and for shelving and storage space in the office.

Heat has been provided and drapes for the large west window have arrived.

"Step by step, stone by stone, nail by nail, the new edifice is being completed," said Dr. R. Macartney, pastor, this week. "Money seems to come in just when most needed and the bottom of the barrel is showing. I estimate that about \$4000 more is needed to complete this first unit which will serve all purposes for some time."

Next Sunday Holy Communion will be celebrated and new members received into the church. The guest book at the church reveals visitors from many parts of the nation, Dr. Macartney said.

Regular meeting of the session and trustees will be held next Monday at 4 p.m. for the monthly review.

CHRISTIAN SCIENCE SUNDAY TEXT "GOD"

The Ten Commandments and the value of keeping them daily will be discussed Sunday in the Bible Lesson on "God" in all Christian Science churches.

The exhortation of Paul from I Timothy (1:17) constitutes the Golden Text: "Now unto the King eternal, immortal, invisible, the only wise God, be honor and glory for ever and ever."

In a lesson-sermon passage from John (15:15) Jesus declares, "If ye keep my commandments, ye shall abide in my love; even as I have kept my Father's commandments, and abide in his love."

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "Jesus presented the ideal of God better than could any man whose origin was less spiritual. By his obedience to God, he demonstrated more spiritually than all others the principle of being. Hence the force of his admonition, 'If ye love me, keep my commandments.'"

LET'S RE-DISCOVER PALM SPRINGS NOW!

Let's Speak Frankly

Palm Springs has had a reputation for high prices. This reputation persists not only among visitors but among permanent residents.

In a few instances this reputation is justified. Some businessmen, whose livelihood depends on supplying the seasonal trade with every comfort and convenience, must charge more for their services since their income during the next few months has to balance their expenses over a year's time. That's to be expected in any resort.

In many more instances, the reputation is NOT justified. Practically any article of merchandise required for normal living can be purchased here at the same price as anywhere else in the West if you know where to buy it. If you drive elsewhere to make such purchases, you actually pay more, because the cost of your gas and oil must be added to the expense of your trip.

Let's re-discover Palm Springs NOW! You can do so in large part by reading the advertisements of Palm Springs merchants in this newspaper... advertisements quoting fair prices by those who are concerned for both Palm Springs' reputation and their own.

The Desert Sun

I rise--- ---TO REMARK

By JOHN PHILLIPS

We are about to start a year which will require momentous decisions.

One of these decisions must be made by the President. The future of this nation, perhaps the future of civilization may hang on it. My work on the subcommittee has made it necessary for me to be familiar with many details of making that powerful force, which we can direct, after about 80% of the process is accomplished, into the atomic bomb, or into the processes of medicine, or the exploratory channels of science.

It has given me concern therefore to read the easy replies of the so-called man in the street, to some "inquiring reporter," when asked his opinion on the use of the bomb. It will be the second most momentous decision of history, if we put the bomb's first use as the greatest decision. That was also made by this President.

It is not the bomb, but the degeneration of moral conduct which has made a decision inevitable. This has been rapid in the decade now ending. The conduct of war is one result. There are no longer war zones; there are no areas in which non-combatants live, while fighting armies occupy other areas, preserving this separation by rules and moral concepts. We are all in war zones.

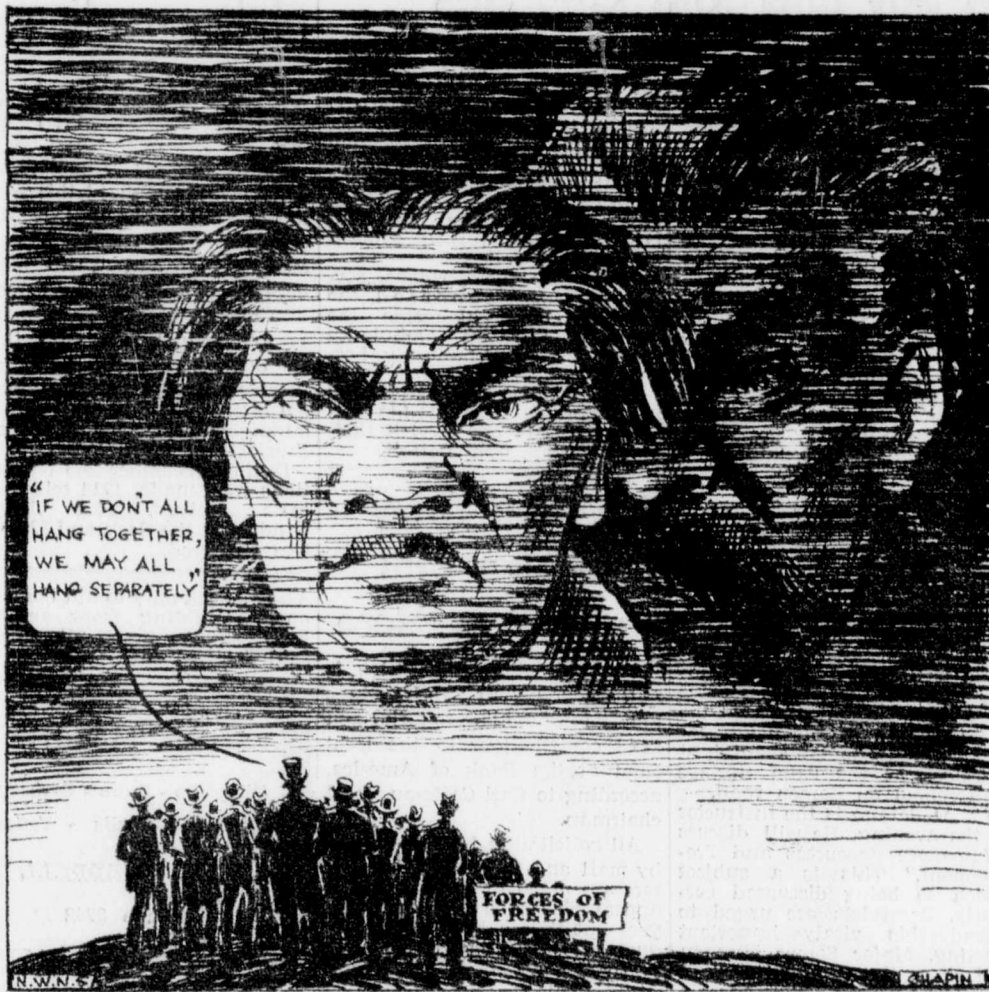

WE ARE AT WAR with a power which represents the opposite of our thinking. Lenin himself warned that "the existence of the Soviet Republic side by side with the imperialistic states (which means us) is unthinkable. In the end one or the other will conquer."

Time plays with us, to build up our military strength, but time plays against our lead in atomic power or the bomb. Russia can equal our discoveries and developments, and has no inhibitions regarding the bomb's use. The Korean war has shown our weaknesses, against Russian tanks, arms and artillery; our present superiority is in the air, in the courage of free men, and in the ownership of the bomb.

Russia today is vulnerable in her oil area, on which she must depend, and which now is small and concentrated. The present strategy of Russia is to inspire and equip aid anti-U. S. action in Europe or Asia. Is any doubt in your minds? Her intent is to spread us thin; to bleed our economy; to make us face enormous casualties, and years of struggle, and yet never, in that time, to have opposed us directly. Committed to the opposite of the things this nation holds dear, Russia would be building her strength and waiting her time for the death blow. What difference, except of size or weapons, is there between two boxers in the ring, and two nations in the world arena? What difference between two armies at Agincourt, fighting with bows and arrows and with lances, and two nations on a global field of battle with planes, tanks, submarines and atomic bombs? The object of the boxer, or of a nation at war, is "to get there fastest with the mostest," in the famous words of General Forrest.

IF WE ARE in reality the last hope of free men and free nations in this world, then must we decide, with the Regent of the School of Foreign Service of a local university, that "Neither reason nor theology, nor morals require men or nations to com-

Confident Living

NORMAN VINCENT PEALE

The Three Great Secrets of Success

A man whose name you would recognize came to see me a few years ago. He was worried about his son. "He seems to fail at everything he touches," he told me. "Can you do anything to help straighten him out?" I asked him some questions about his boy and it became clear to me that straightening out this young man would be quite a problem. For here was a boy who, literally, had everything. His background was fine; his forebears had been both distinguished and brilliant. He had been given a splendid education; nothing had been wanting in his preparation for success. He had "contacts" galore! If he lost

mit suicide by requiring that we must await the first blow from a power with no moral inhibitions and when, as in the case now under consideration, the attack would surely include bombardment by atomic missiles."

If this is the decision the President must make, then this nation, united, must prepare itself. Having exhausted all other means, we must recognize that the decision will mark the end of gentle living, as we have known it, and will put the feet of our people on a road marked by sacrifices, the wiping out of many features we have come to look upon as necessary to our lives, but which have made us soft and tempting to a great antagonist force, Russia.

one job, there was always another, waiting for him. Yet he had never been able to take hold. Shortly thereafter the boy himself came to see me. We chatted for a while, and I called in our staff psychiatrist for consultation as the problem was both psychological and spiritual. And, eventually, we did succeed with him. Such an amazing change took place in him that I, myself, was awed by this accomplishment. You can imagine how much more impressed I became when I was told that our young man had recently been elected to the board of directors of the large company with which he is now associated. Once on the right track he succeeded with a vengeance.

AFTER I HEARD about this new honor, I happened to sit next to him at a dinner. I took advantage of the occasion to ask him what, if anything, we had done to help him change his life in such a complete manner. And this is what he told me:

"Until I came to you, I'd never had a plan in life. I just muddled through. I hoped for the best, of course, but the best never came. I was aimless. Then, you may recall, you outlined for me a plan for reading the Bible. You told me that in the Bible, if I was smart enough, I would find an outline for successful living. I had never read the Bible before very much, but you told me to read the Psalms and the first four books of the New Testament — Matthew, Mark, Luke and John. You told me to read them over once, twice, three times, and then you told me to make a list of the principles of successful living which I might find in the Psalms and in those four books of the Bible. Well, I felt that I might as well do it because I wasn't getting anywhere as it was. I had read a good many so-called success books, but without success, so I followed your advice and I made a list of three things which I found in the Bible, and it was these three success secrets that finally got me on the beam."

The first secret, our young man learned, was to think success. He pictured success in his

mind until his thoughts accepted it, and then his mind produced success. It is a fact that if you think failure, and you think it long enough and hard enough, you will tend to get failure. The world in which we live is determined very largely by our thoughts rather than by outward conditions. If you think negative thoughts, you will live in a depressing and defeating world, but, on the contrary, if you think positively and creatively, you will live in a world filled with opportunity. So our young man learned to think thoughts of achievement, and these creative thoughts led him on to success.

THE SECOND SECRET which he found in the Bible was that wisdom is available to all of us, that is, understanding beyond our apparent intellectual ability. He discovered the important quality we call insight, that is, the ability to see deeply into things. Sometimes it is called a hunch, but that is not a profound enough word. It is a subtle, almost clairvoyant, understanding gained by prayer and deep spiritual thought. It endows us with intuitive knowledge in meeting our problems. In our conscious minds, on the basis of poor reasoning, we are often incapable of solving the problems we face daily. The psychologists tell us that in the subconscious mind, we may use a vast and varied power that is sufficient to meet any situation. Our young man discovered that, by prayer and meditation, he could activate the power of insight within himself.

The third secret he found in the Bible was of great significance. He discovered how to free his personality from fear, from inferiority feelings and from defeatist attitudes. These are the chief enemies. They block your pathway to the top. They must be cast aside if you are to reach your objectives. Faith and confidence and the attitude of victory are more than a match for fear, inferiority and defeat attitudes.

It is a simple technique, is it not? Strange that more people don't find it, because it is right there waiting to be used. First, think success. Second, develop your insight by prayer and meditation. Third, release your personality by the power of faith. Why not give it a trial? It cannot fail.

Prof. Raymond D. Harriman, Palo Alto, Stanford Univ., "Linguistic incompetence is handicapping our children—the proper handling of our own language must be of first concern in the child's intellectual development."

Lynn Bari, Hollywood actress suing for divorce—"My husband would say he was going to get the morning papers—and would stay out all night and not bring them back until six in the morning."

Building for Year Almost Five Million

516 Permits With \$4,481,526 Value Issued Here in 1950

Building operations in Palm Springs for the year 1950 hit the highest point since the three-year boom following the end of World War II. P. M. Swart, building inspector, said Saturday as he closed the books for the year at noon. It was the fourth largest year in the city's history.

During the year 516 building permits were issued with a total value of \$4,481,526.

OF THIS NUMBER, 172 permits were for new homes, 214 in all, with a value of \$2,362,250.

Nine new commercial structures were built or are being completed. The largest single structure begun in 1950 is the Safeway store on South Palm Canyon drive.

A second major commercial building is the Atkinson building at Arenas road and South Palm Canyon drive. The latter is valued at \$75,000 and the Safeway store at \$200,000. All commercial permits are valued at \$327,900.

ALMOST 100 swimming pools were added to the large number of such structures already in existence last year. Cost of the 96 pools built in 1950 was about \$3000 to \$4000 each.

Another 239 permits were issued through the building inspector's office for additions and alterations, both for dwellings and commercial structures. "Not too many new commercial buildings went up in 1950," said Swartz, "but many already in existence underwent extensive remodeling. Some have their faces lifted almost every year."

December was one of the busiest construction months when 73 permits worth \$588,715 were issued. Last month was also the bonanza period for pool builders as plans for 18 were submitted to the department.

From Page One—MORE ABOUT CHAMBER membership card stamped "Complimentary." It could be awarded by the board and/or an officer acting on behalf of the board to individuals who would not otherwise be firm members and presented because of exceptional and outstanding service to the Chamber.

THE COMMITTEE recommended that both of the by-law changes be worded by the Chamber's attorney, Director Lucien Shaw, for incorporation in the by-laws, following approval by the board.

Upon reviewing the present membership record system, the committee found it to be adequate and recommended minor changes.

Possible methods of increasing Chamber membership were discussed: (1) campaigns, (2) staff salesman, (3) volunteer workers, (4) and/or a combination of the first three. The committee also reviewed the progress of membership income during the past two years.

Members of Torgerson's committee are: Francis Crocker, Herb Foster, Keith Herbert, Lou Moore, Herman Reich, George Ripley, Bill Smith and Stan Rosin.

Deputy Income Tax Collector to be Here 2 Days

P. C. Riskey, deputy in charge of the Riverside office of the internal revenue service, said last week that a field representative of his office will be in Palm Springs January 15 and 16 to assist local income tax payers in filling out their forms and answer questions and accept payments.

The local branch office of the department will be at World Wars Memorial Hall, 400 North Bellard road a week from next Monday and Tuesday from 9 a.m. to 4:30 p.m.

Riskey recommended that in the event Villagers found themselves unable to call on the collector on those two days, they go to the nearest city on days designated there. The collector will be at Banning at the post office January 12 and at Indio at the city hall January 11 and 12.

His local visit is the latest in the January schedule.

Richard Wallace Taken by Death

Richard D. Wallace, Palm Springs resident for 12 years, died of a heart attack at Community hospital Sunday. He was a serviceman for a local refrigerator concern.

He lived with his wife at 572 Calle Encelia. Other survivors include three sisters-in-law, Daisy Dean and Georgia Dean of Alhambra and Mrs. Elizabeth Dean Kilian of Los Angeles and a niece, Beverly Pick of Los Angeles.

Services were conducted at 2 p.m. yesterday at Wiefels and Son chapel and interment was in Palm Springs cemetery.

Tourist Business Moving Upward is Club's Report

With excellent November weather, the southland's tourist business took an upturn during that month, the All-ear Club reported this week.

A total of 190,559 out-of-state vacationists came here during November, and spent \$30,789,069—a gain of 12.8 per cent over the same month a year ago, according to Willard W. Keith, president of the community tourist advertising organization.

November is the last month of what—in southern California—is the fall vacation season. The winter vacation season started in December.

During the past travel year ending August 31, the year-around tourist business developed by the southland's community advertising campaigns brought in over \$366,000,000 through out-of-state visitors' spendings.

"This is one of the most important sources of 'new money' coming into Southern California to maintain this area's level of prosperity," Keith pointed out.

Walter Pittman, former county supervisor, said Tuesday the county government should build an underground vault to protect county records from an atom bomb.

He said photostats should be made of the existing records and the photostats buried in the vault.

Present county supervisors—to whom Pittman made his suggestion—said his proposal had a lot of merit. They took no action, however.

Pittman Wants Records Safe

Richard D. Wallace, Palm Springs resident for 12 years, died of a heart attack at Community hospital Sunday. He was a serviceman for a local refrigerator concern.

He lived with his wife at 572 Calle Encelia. Other survivors include three sisters-in-law, Daisy Dean and Georgia Dean of Alhambra and Mrs. Elizabeth Dean Kilian of Los Angeles and a niece, Beverly Pick of Los Angeles.

Bank of America Report Again Shows Great Growth

With public acceptance of Bank of America services standing at new high marks, the bank's statement of condition at the close of the year reveals that its greatest record of achievement comes when most needed—in a time of national emergency.

Total of its deposits had crossed the six billion dollar mark for the first time, standing at \$6,191,705,871 at the close of business December 30, 1950, or \$416,595,842 more than at the previous year end. Total resources stood at \$6,983,358,213, an increase of \$612,955,861 in the year.

IN THE FIELD of constructive lending, the record was most marked. Total of loans and discounts outstanding at the end of the year was \$3,256,953,558. President L. M. Giannini disclosed that this represented some 2,212,000 individual loans on the bank's books at the year end, averaging \$1472 per loan. During the year there were about 2,470,000 loans made adding up to \$4,384,000,000. "These loans," Giannini said, "solved problems for businesses and individuals, maintained and in many cases increased production of goods and services, and in numerous ways served to strengthen our economic muscles for the job of securing our national safety."

Investments in securities stood at \$2,243,415,017 on December 30.

compared with \$2,322,505,000 at the previous year end.

THE BANK'S CAPITAL funds rose to \$399,911,277, an increase of \$89,193,409 over the 1949 year end. This figure includes retained 1950 earnings of \$18,269,059 and proceeds from the sale last June of new common capital stock in the amount of \$70,924,350. In addition, \$47,012,581 is held in the reserve for possible loan losses.

Net profit for the year was \$51,802,331, or equivalent to \$2.33 per share on the average number of new par value shares outstanding during the year. This compares with net profit of \$52,127,000 in 1949. Dividends paid to the share holders in 1950 totaled \$33,533,273, compared with \$25,395,130 paid in 1949. Direct taxes paid by the bank to federal, state and municipal governments aggregated approximately \$47,000,000 in 1950, an increase of \$19,000,000 over 1949.

Villager Held to Answer to Hit and Run Charges

Oscar Eastman, local construction worker, has been held by Indio California Highway Patrol officers on \$1900 bail and bound over for trial following charges of leaving the scene of an accident Dec. 18.

Mrs. Josephine Singer, mother of local fireman John Singer, who said he struck Mrs. Singer with two broken legs, a broken hand, a fractured skull and a pelvis broken in several places. Singer said she is expected to be confined there for two to three months.

Felony charges were filed against Eastman by the CHP who said he struck Mrs. Singer on Highway 111 near the Steak Ranch about 9 p.m. Dec. 18. He was driving his 1940 Studebaker

toward Palm Springs and when he attempted to pass another car he veered to the left, side of the road as Mrs. Singer walked in the same direction. Officers said the left front fender and left headlight of his car hit the woman. He continued on to Palm Springs without stopping, police charge. An hour later Eastman turned himself over to local police.

Soon after the accident, several passersby reported the woman's body alongside the highway and an ambulance rushed her to Community hospital.

The Singers had arrived in Palm Springs from Florida just a few days before to visit their son. They are from Detroit.

Air Reservists to Meet Monday at High School

Major R. S. Hargis, commanding officer of the local Air Force Reserve unit announces that the first meeting of the new year will be held Monday evening at 8 o'clock at the Palm Springs high school on Ramon road.

Li. Al Patane is the instructor of the evening. He will discuss "Manpower Resources and Procurement." This is a subject which is being discussed currently. Reservists are urged to attend this vital important meeting. Major Semus Nunnan will show the film "Ditch and Live." The 9348th VORS presents these essential topics so that reservists may be up-to-date on current problems.

Salvation Army Campaign Still Under Way Here

The Salvation Army drive is still underway in Palm Springs and it's not too late to bring and send contributions to the local fund at the Bank of America, according to Carl Coffman, local chairman.

All solicitation has been done by mail and those receiving letters are urged to respond to the appeal. The need is greater this year but it is believed the local quota will be reached.

Envoy Tracy of the Salvation Army was in the Village this week and said the drive extends to January 15.

443 Use Bureau of Reservations Since its Start

Palm Springs Chamber of Commerce announced this week that from Oct. 15 to Dec. 31 a total of 443 hotel and apartment reservations had been made here through its visitors' bureau.

"The chamber placed as many as four employees at one time on the reservation desk," said President Fred Ingram. "Personnel often worked from 8 a.m. to midnight to accommodate the enthusiastic response."

During December 263 reservations were made, 1714 telephone calls received, 1444 visitors handled at the desk and 330 letters answered.

Army go not only to aid the men on the fighting front and at home and for many other uses, said Tracy.

Indians Trim Holtville by 46-24 Score

Palm Springs Five Shows Improvement in Week of Drills

A strong Palm Springs high team rolled over hapless Holtville high 46 to 24 Friday night in the loser's gym.

The one-sided hoop victory was a far cry from the close the week before which Palm Springs won, 32 to 29 here. The contest provided practice for both clubs before their respective league seasons begin.

Coach Clare Ballagh refused to say whether his Indians had sharpened up in one week's practice to make the difference in the score or whether Holtville just had a "bad night."

Nevertheless, Center Johnny Black was high point man for the Indians as he sank 14 counters.

Palm Springs starting line-up: C. Black, Fougere, forwards; J. Black, center; Hines, Lewis, guards.

SUN SPORTS IDEALIGHTS

By GUS STEVENS

Local basketball fans are having the chance this weekend to see the 1951 RCL hoop season in review here.

All eight league basketball teams are getting together for a three-day set in which 10 games will be played. Chances are that the winner of the tourney will be the one to come out on top in the league standings. That's what happened last year as Beaumont topped Palm Springs in the tourney finals and went on to take the RCL title.

I'm told that each team only plays seven games in RCL play. In other words each quintet only plays each of the other teams once. That hardly seems enough to pick a champion. Each club should meet at least twice on a home-and-home basis and preferably about four times.

Evidently a little steady practice time has enabled the local hoop squad to show a great deal of improvement. Witness the 46-24 rout over Holtville Friday night—and on the loser's hardwood, too. The week before, after only a few days of rehearsal, the Indians could only top Holtville by three points.

I'm beginning to wonder where Palm Springs athletic strength will get its vitality after the Black brothers depart. Charlie, of course, was the spark plug of the 1950 football squad. Now, it seems, his brother Johnny is top dog on the cage team. He's first string center and was high point man for the Indians in the Holtville.

What makes my argument that both boys are keys to Palm Springs high athletic successes doubly secure is that in football Johnny Black was just a step behind his brother in ability and on the basketball court Charlie

Don Meade, "bad boy" of racing, reinstated by Florida racing commission, tests the scales at Tropical Park, Fla. He was granted a probationary license that possibly will end an suspension for betting on horses other than those he rode.

All in the Game:

A SWITCH from the T to the single-wing and ascendancy of "power" teams were trends of the college grid season just past. . . . Phil Rivers played 36 straight fearless basketball games in 1950 and accepted 388 chances at short without a bobble—an American League record. . . . Big league baseball owners were guests of Happy Chandler, named commissioner, at a dinner that wound up the St. Petersburg meetings. . . . Fighters who hit less often and hard more damage than knockout punches capable of finishing too few are now. . . . Head Coach Andy Gustafson has been given a 10-year contract at the University of Miami (Fla.). . . . The new baseball commissioner may be named at February meeting of game's moguls. . . . Stan Musial put in a good word for Happy Chandler. . . . James Mutscheller, right end, has been elected 1951 Notre Dame grid captain. . . . Next year's play will be the 60th football campaign for the "fighting Irish."

City Loop Play Rests 2 Weeks

City Basketball League play has been suspended for two weeks while construction work goes on in the high school gymnasium. City Recreation Director Howard Haddock announced. The hardwood floor is being reconditioned.

Haddock said that play would be resumed Monday night at 8 when Desert Hot Springs meets Indio. The Junior Chamber, Indio, and Village Market are currently leading the six-team league with two wins each. None of the three has been beaten.

Football went out with its usual New Year's bang this week. Upsets seemed to be the rule and, unfortunately, this applied to the Rose Bowl.

Like everybody else, I'm still wondering what made California collapse like a wet paper sack in the second half of the debacle. Maybe Michigan didn't choose to show all its ammunition in the first half; maybe Oosterbaan came up with a whale of a pep talk in the dressing room during the intermission; maybe Cal got over-confident.

In any event, there oughta be a law.

RCL Basketball Squads Meet in Tournament Here

Basketball roared into high gear on the local high school hardwood last night as the Annual All-Riverside County League varsity tournament got underway.

The Palm Springs Indians faced Hemet in the second game of the evening after defending champion Beaumont opened the tourney against Perris at 7 p.m. Preliminaries will continue today with Elsinore meeting San Jacinto at 7 p.m. Coachella will face Banning in the last preliminary at 8:30.

Championship semi-finals will be held on Saturday morning. Thursday night's winners will meet at 10 a.m. The winners of Friday night's games will face each other at 11:30. Consolation semi-finals will be held on Saturday afternoon. The Thursday night losers will play at 2 p.m. and the losers of Friday night's tilts will meet at 3:30.

Finals for the consolation bracket will be held at 7 p.m. on Saturday and the championship game will be at 8:30.

ADMISSION IS to be 50 cents for adults and 25 cents for children. Separate admissions will be charged for Thursday evening, Friday evening, daytime Saturday, and Saturday evening.

Last year the RCL tournament was held in Banning where Beaumont High topped Palm Springs, 52 to 37, in the finals to add the tourney title to their league championship. Perris High's 47 to 36, win over Elsinore gave them the consolation title.

Shadow Mountain TV Brings Game to 250 Guests

No longer just a gadget, but an important institution at the Shadow Mountain Club in Palm Desert, is the television set that can be seen going full blast any time of the day or evening. Watching the Rose Bowl game with perfect reception out of Los Angeles, were about 250 members who settled for the parade early in the morning and stayed for the entire game through the afternoon. At first a television set was just a plaything at Shadow Mountain, but in time, the reception proved so perfect that the set was placed in the lobby, and regular events are scheduled around it.

The towering mountains in nearby Palm Springs make TV reception unlikely, but Shadow Mountain seems to be in a perfect position to catch ideal reception, making it one of the few locales on the desert enjoying such a position.

Christmas Tennis Tourney Attracts 40 Youthful Stars

Don Williams and Bea Bailey won top honors in the mens and girls singles events as more than 40 youthful tennis stars from Southern California flocked to the Tennis Club last week for the Christmas Invitational Tournament held Tuesday through Friday.

Following three days of net preliminaries, the finals Friday brought the best play, and the best crowd of the week. Late Friday afternoon 20 trophies were presented to the winning youths—all 25 years old and under.

The men's trophies in all events were donated by the Desert Sun and the women's were presented by Arthur Bailey. Mrs. Arthur Bailey and Ed Meyerson, managers of the tourney, awarded the prizes. Meyerson is the newly-arrived tennis pro at the club.

MEYERSON indicated that the Jack Kramer—Pancho Segura troupe may present matches at the Tennis Club in mid-January. Villagers would have the opportunity to watch these top-notch netters plus Pauline Betz and Gussie Moran.

Meyerson arrived at the club two weeks ago and will stay on for the remainder of the season. In addition to teaching the game, he will operate a tennis shop at the club. He comes here after seasons at the Bath Club in Miami Beach, Fisher's Island, New York and the Belvedere Club in Charlevoix, Mich.

Weekends Frank Feitrop, a Palm Springs tennis hand and presently at the Beverly Wilshire Hotel in Beverly Hills, will augment the teaching staff here.

CHRISTMAS Invitational results:

Junior men's singles: first, Don Williams; second, Dick Shea.
Junior girls singles: first, Bea Bailey; second, Barbara Cunningham.

Mixed doubles: first, Don Williams and Bea Bailey; second, Jo Ann Cunningham and Ben Montoya.

Boys' (15 and under) singles: first, Mike Franks; second, Albert Prager.
Boys' doubles: first, Mike Franks and Albert Prager; second, Dan Carter and Ben Montoya.

Tea dance followed the presentation of the awards.

THIS SIDE OF THE SUN

Year's Day. . . . Me? . . . At 4:30 a.m. some dumb cluck called up to wish us a Happy New Year. . . . In groping for the telephone in the dark I bashed my chin against a sharp corner and looked like a discolored celebrant the next day. . . . Where is the justice? . . . Wait until next New Year's Eve!

THAT REMINDS ME . . . Of course a lot of nice people I know would be doing something else if my wish came true but I often express the desire that Alexander Graham Bell had been doing something else when he got the idea for the telephone. . . . It's nice when you're in a hurry but an abomination anytime between 11 p.m. and 7 a.m. . . . There's the aesthetic woman who called at 2 a.m. one cold morning to ask me to go out and take a look at the moon. . . . Such a beautiful ring around it, what does it mean? she asked. . . . I told her it meant we were in for a helluvan earthquake and she had better get out quick. . . . And the fellow who called to know what was Ty Cobb's overall batting average. . . . He wanted to settle a bet before going to bed. . . . That was at 1:45 a.m. . . . And then there's the kind-hearted fellow who calls up at 3 a.m. on a Tuesday when the next paper three days away, with a hot tip on a story. . . . Mr. Bell, sometimes I wish you hadn't.

SEEMS THERE'S a new comic book out entitled "The Two-Fisted Editor." . . . The locale is Palm Springs. . . . This two-fisted editor is shown smashing gangsters, righting wrongs, rescuing beautiful blondes. . . . In general, raising a ruckus. . . . And you ought to see the pictures! . . . This two-fisted editor, slim of waist and broad of shoulder, is depicted racing between four-deck presses, between aisles of linotypes, around a tremendous newspaper plant, guns blazing at thugs. . . . A kid came in with one of those books to look us over. . . . I told him I wish we had those four-deck presses, aisles of linos and so on. . . . But that it wasn't me. . . . That slim of waist and broad of shoulder was just in the reverse here. . . . Besides Mrs. G. wouldn't appreciate my heroism in saving blondes. . . . Referred him to the editor of the News.

WAS INTERESTED in reading Tuesday morning's sport pages about the great football players in bowl games who were All-Americans: Lauricella, Parrili, Yowarsky, Olshenski, (and this is written by Graettinger.) . . .

Old-Goat Tennis Tourney on Racquet Club Schedule

First Annual Old-Goat Tennis Tournament will be held at the Racquet Club tomorrow and Sunday according to Charlie Farrell. He defines an "old-goat" as "anyone over forty," and adds the following PS to his invitation: "I qualify." It is doubtful that Jack Benny will admit to being over 39. However, besides Benny, the following people have been invited to participate: Gilbert Roland, Cy Bartlett, Jimmy Ritz, Paul Lukas, Ralph Bellamy, Dean Jagger ("Twelve O'Clock High" academy award winner), Walter Pidgeon, Sidney

Adelstein, John Garfield, Peter Whitehead, Ben Gowan, Howard Lang and Allan Tomblin. Beverly Hills residents who have been invited include Hal Roach, Bill Hollingsworth, Alec Buckman, Glen Austin, Vince Fotre, Art, Drummit, and Freeman ("Andy" of Amos and Andy) Gosden. Local old-goats will not be exempt from the Mayor's unique invitations, and already Bill Dunkerley, Rudy Vallee, Cliff Henderson, Sammy Sontag, Harry Plymire, Jerry Nathanson, Harold Hicks, George Ripley and Gus Kettman have accepted.
